—MONTAGNE INTERIORS—

Check out new green choices for your kitchen, bath & more

by Charla Fleming

Diane Giebner, owner of Montagne Interiors, recently remodeled her showroom to display a fresh, new concept in kitchen and bath design.

Following her purchase of the Evergreen showroom in January, Diane transformed the space with a strategic analysis in mind. "I wanted to provide a place for other interior designers to use, as well as supply materials to contractors and builders," said Diane, who holds both an MBA and interior design degree. "I also wanted to provide my clients with the best "green" options for their kitchen and baths."

Diane spent years in the corporate world serving as vice-president for several small companies and has a strong business background. She and her husband left the hustle and bustle of city life over two years ago in search of a smaller community to live, work and raise their son. "I love Evergreen and feel I have a social responsibility to my community, which is why I want to provide the greenest products at an affordable price."

Montagne Interiors exclusively carries cabinets that are approved and certified by the Kitchen Cabinet Manufacturers Association (KCMA). KCMA sets the standard for quality and durability in cabinets and is leading the way for environmental stewardship.

Montagne Interiors also carries a wide variety of countertop materials including granite, marble,

natural quartz, soapstone, concrete and recycled glass. Granite has been a popular choice for countertops over the last decade; however, other materials are also becoming quite fashionable, such as natural quartz. Diane's showroom only carries those manufacturers of natural quartz surfaces that have

National Sanitation Foundation and Greenguard Indoor Air Quality certifications.

Her experience in designs and products goes beyond just the kitchen and bath places in the home. Montagne Interiors sells plumbing supplies, hardware for cabinetry, upholstery and drapery fabric, window coverings, lighting, tile, appliances and flooring.

Throughout the month of July, Montagne Interiors is offering free consultations in which Diane, a member of the American Society of Interior Designers (ASID) and the National Kitchen and Bath Association (NKBA), will come to your location, take pictures, measure your kitchen, bath or basement, and offer a free design and estimate based on the consultation.

Diane also invites you to join her at the new Montagne Interiors showroom in July for 10% off any Knotty Alder Cabinetry in her showroom.

Montagne Interiors is located in the King Soopers shopping center at 1153 Bergen Parkway, Unit O, in Evergreen. For more information or for an appointment, call 303-670-3610 or email diane@montagneinteriors.com.
